## List of the Best Domain Name Registrars in Nigeria

### 1. Domaining – [www.domainking.ng](http://www.domainking.ng)

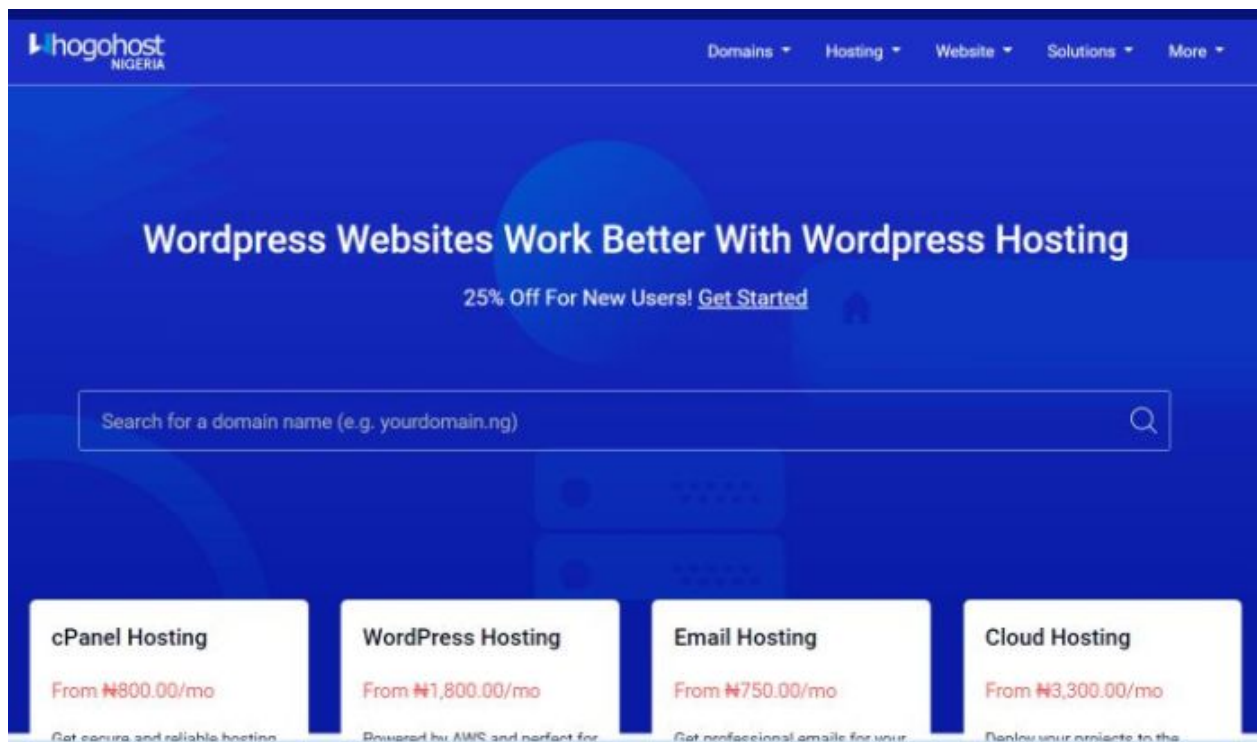

The screenshot shows the DomainKing website interface. At the top, there is a navigation menu with 'Domains', 'Hosting', 'Websites', and 'Partners'. A search bar is present with the text 'Enter Domain Name' and a 'SEARCH' button. Below the search bar, domain price listings are shown: '.com ₦6300', '.com.ng ₦1500', '.ng ₦10500', '.org ₦7875', and '.ya ₦4650'. A yellow banner advertises '#DKHosting Get ₦750/mo Web Hosting with a Free Domain, SSL & Unmetered Bandwidth.' with a 'Get hosting' button. The main content area features a dark background with a person's hands on a laptop. The text reads: '.NG Domain Registration', 'Register your .NG Domains with Nigeria's #1 Domain Name Registrar. Includes:', followed by a list of benefits: 'Free Email Forwarders', 'Free DNS Panel', and 'Free Domain Forwarding'. Below this, it states 'Starts From ₦1500/Yr' and has a 'Register your .NG Now!' button.

This is the best domain name registrar and web hosting company in Nigeria. The company started operations in 2008 and has seen then been helping businesses and corporate to bring their ideas to life through efficient and affordable plans.

For Nigerians who want to use any of their services, there are available multiple payment options for them such as Visa/Mastercard, Interswitch/Verve Cards, GTBank Cash Deposit, VoguePAY, [GTBank Transfer](#), Etranzact/PocketMini, and Cash Envoy. International payment options are also available for customers. They include Webmoney, Paypal, and Payza.

## 2. Whogohost – [www.whogohost.ng](http://www.whogohost.ng)

This is another top-rated domain name registrar every interested person in owning a website should consider for registration service. Whogohost began operation as just a web hosting provider but with time transit into becoming a one-stop-shop for all tools useful for your online presence.

Other services that they offer include WordPress hosting, reseller packages, SSL Certificates, Cloud Hosting, Linux Hosting, Node. JS Hosting, and more. For its excellent service over the years, they have won several awards and have received beautiful reviews from platforms such as Neco, Cool FM, and many more.

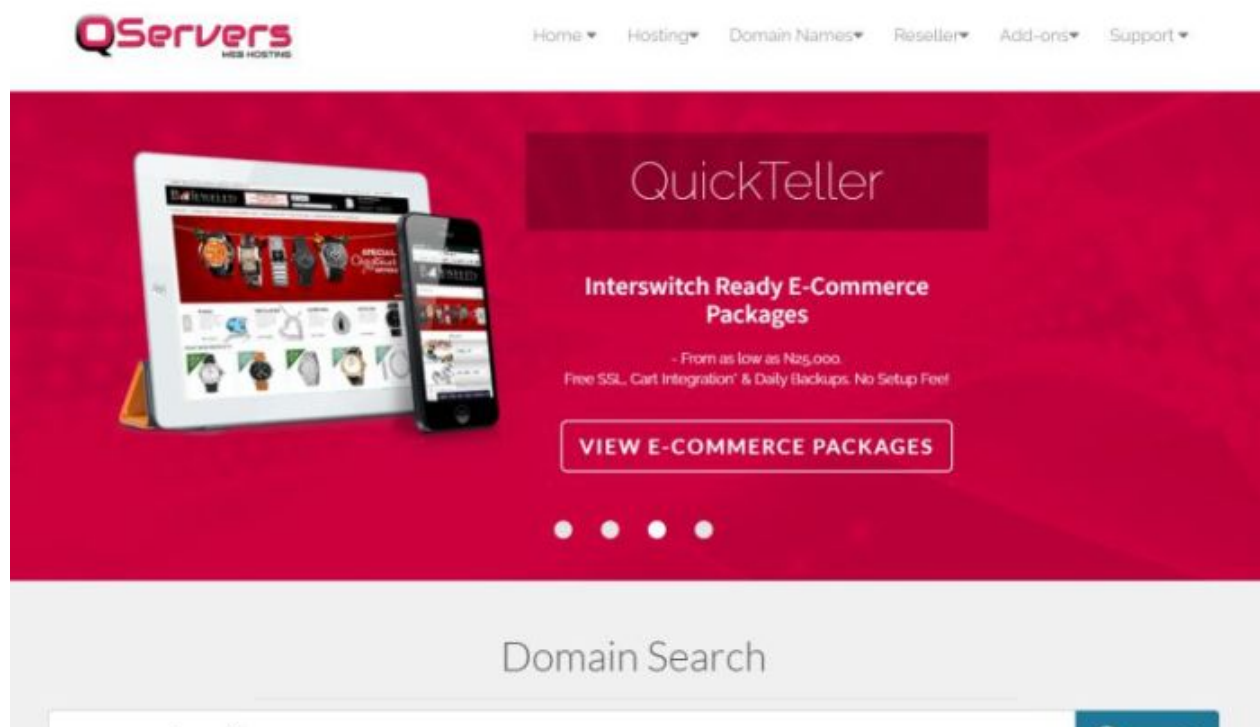

### 3. Web4Africa – [www.web4africa.ng](http://www.web4africa.ng)

The screenshot shows the Web4Africa website homepage. At the top left is the Web4Africa logo. The navigation menu includes links for [DOMAINS](#), [.NG](#), [SSL](#), [WEB HOSTING](#), [VPS](#), and [WORDPRESS HOSTING](#), along with a search icon. The main banner features a server room background with the text "WEB HOSTING IN NIGERIA". Below this, it states: "Web4Africa offers the option of hosting your website or web apps on our web servers in a premium data centre physically in Nigeria. Web Hosting in Nigeria offers excellent web page speed within Nigeria, without compromising on reliability." The primary offer is "Cheap Web Hosting from ₦750", accompanied by a green button that says "BUY WEB HOSTING NOW". At the bottom of the banner, there are links for "WordPress Hosting | Cheap Hosting | Best Hosting | Local Hosting | FAQ".

### 4. Qservers Net – [www.qservers.net](http://www.qservers.net)

The screenshot shows the Qservers website homepage. The logo "QServers WEB HOSTING" is in the top left. The navigation menu includes links for [Home](#), [Hosting](#), [Domain Names](#), [Reseller](#), [Add-ons](#), and [Support](#). The main banner has a red background and features an image of a tablet and a smartphone displaying an e-commerce website. The text on the banner reads "QuickTeller" in a large font, followed by "Interswitch Ready E-Commerce Packages". Below this, it says "- From as low as ₦25,000. Free SSL, Cart Integration & Daily Backups. No Setup Fees". A white button with a red border says "VIEW E-COMMERCE PACKAGES". At the bottom of the banner, there are four white dots. Below the banner is a "Domain Search" section with a search bar and a blue search button.

Like others mentioned above, Qservers is yet another domain name registration company that you can count on for the best experience after

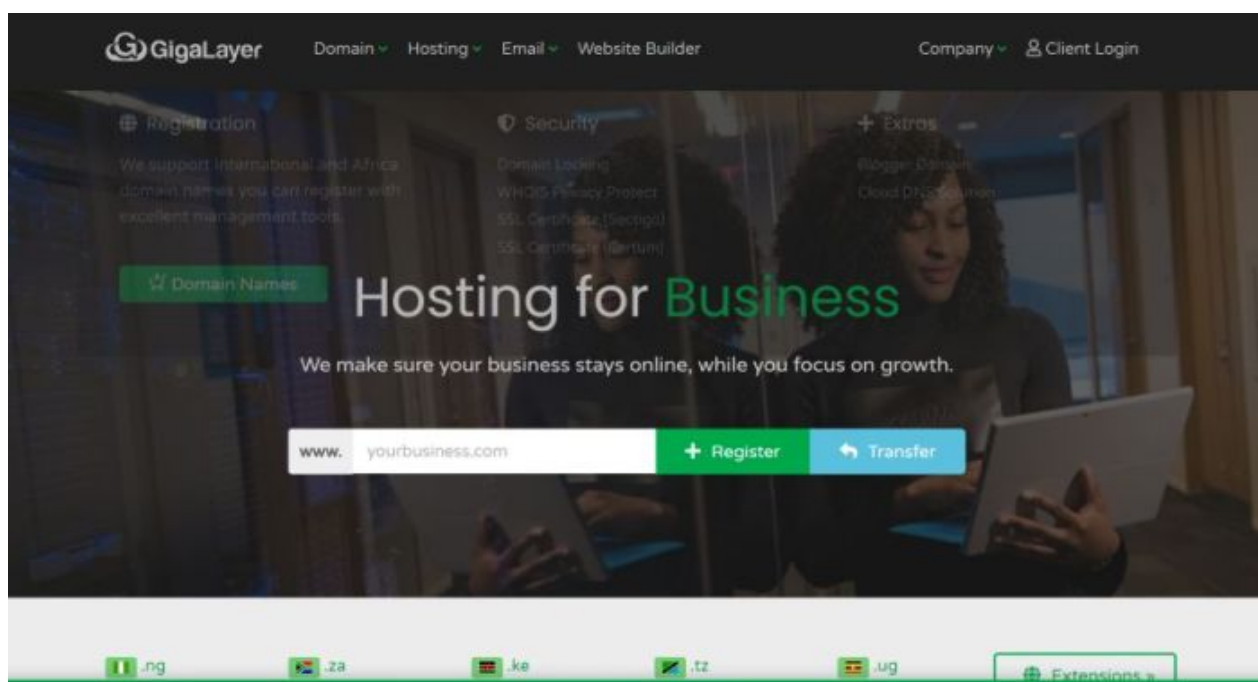

conceiving the idea of a domain name at a very affordable price. The fact that you can get a .COM.NG domain at a competitive price of ₦1,000 makes the platform even more amazing. They also provided services such as Web Hosting, SSL Certificates & Website Development.

The company's payment options are online debit card payments (Interswitch), **bank transfers** & deposits, and Cash payments at their office.

## 5. Gigalayer – [www.gigalayer.com.ng](http://www.gigalayer.com.ng)

This platform makes the list of the respected domain name registrars for Nigerians looking to own a website. Though the company is not yet famous but low key, it provides cheap service and pitches its tents beyond the four walls of Nigeria.

Services provided by Gigalayer include registration of domain names, hosting services, tools, and services needed for every business to expand its reach. For better customer service, they have a wide range of payment options including bitcoin, altcoin, **debit cards**, PayPal, Paga, and KongaPay.
